

**Prospect Magazine
to include a new
“Sports
Directory”
in the upcoming
Winter Edition!**

If your business or organization is sports related in any way, the Prospect Magazine has created a new and exciting opportunity for you to reach your specific target market. Our new Sports Directory will be located within each edition of the magazine, and has been designed specifically as a cost effective way to showcase your company or organization to sports enthusiasts, athletes, parents, coaches and active sports participants of all ages and athletic ability.

The Prospect Magazine is published quarterly and 10,000 full colour issues are free and available at a number of locations in Edmonton and surrounding areas.

When you place your ad (1" x 3.25") we will include your company name, contact person, website, email address and telephone number in text format, for one issue or as many issues as you like for a low cost of only \$200 per issue. A special 15% discount is offered to non-profit organizations.

By including your listing in our Sports Directory, you will get in front of the specific demographic of customers you need who are looking for your business.

If you would like to know more about how you can be a part of our new Sports Directory please contact John Todd at 780-222-4071 or john@sassports.ca.
